KANEKA QH™

# Ubiquinol CoQH 50 mg

Reduced Form of CoQ10  
Enhanced Absorption

*Dietary Supplement*  
30 Softgels

## SUPPLEMENT FACTS

Serving Size 1 Softgel Capsule

	Amount Per Serving	% Daily Value
Ubiquinol CoQH† (Reduced form of CoQ10)	50 mg	*

\*Daily Value not established

**Other Ingredients:** Capsule (gelatin, glycerin, and water), soybean oil, beeswax, soy lecithin and carob.

Ubiquinol is the antioxidant form of CoQ10. Studies show this form of CoQ10 is absorbed more efficiently and offers enhanced bioavailability over other forms of CoQ10 (ubiquinone). Age and health status significantly affect the body's ability to manufacture ubiquinol from the ubiquinone form of CoQ10. Providing an oral supplement of this powerful antioxidant can help the body maintain optimal levels despite age and/or health status.†

Ubiquinol QH™ is manufactured by Kaneka, one of the world's leaders in natural pharmaceutical grade CoQ10. It is produced through a patented process that stabilizes this reduced form of CoQ10 against oxidation.
