The name **Motherwort**, or "Mother's Herb," dates back to its traditional application in ancient Greek culture. It was support for the anxiety associated after childbirth, also a common use today in many parts of the world. In addition to supporting women's health, Motherwort is currently recognized for its role in promoting heart health.*

Common uses include:

- Supports healthy cardiovascular function*
- Supports healthy blood pressure already within the normal range*
- Soothes feelings of anxiety after childbirth*
- Eases menstrual discomfort*
- Promotes relaxation, and eases simple nervous tension and anxiety*
