Coconut Oil is an exceptional moisturizer for the skin and hair. Its mild scent is preferred as a gentle base oil for creams, ointments and skin care blends. For soap making, Coconut oil contributes to a great, fluffy lather. Due to its natural anti-oxidant properties, Coconut oil has a long shelf life.

Note: Coconut Oil has a melting point of 76 degrees. If it has solidified, simply place bottle in warm water, and it will become a smooth flowing liquid.

Safety Information: Keep out of reach of children. For external use only.
