[^] **Certified Organic**

Also Contains:

Canadian Thuja Occidentalis*, Spanish Citrus Limonum*, Australian Melaleuca Alternifolia*, Madagascar Pelargonium Graveolens*

[^] **Certified Organic**

Indications:

For the treatment of warts. For the removal of common warts. The common wart is easily recognized by the rough 'cauliflower-like' appearance of the surface. For the removal of plantar warts on the bottom of the foot. The plantar wart is recognized by its location only on the bottom of the foot, its tenderness, and the interruption of the footprint pattern.

Directions:

Apply a few drops to cotton swab and dab directly to warts 3 times each day. Product can also be applied neat to warts. If you experience irritation from use, wash area with warm soapy water before further applications and apply less product. Applying a band aid after application may be of benefit.

Warnings:

Do not use this product on irritated skin, on any area that is infected or reddened, if you are a diabetic, or if you have poor blood circulation.

This product does not prevent the spread of warts.

Some individuals may be sensitive to tea tree or other oils. Begin with a small drop to determine if the product causes any increased redness or irritation and discontinue use if it irritates your skin.

If you are pregnant or breast-feeding, ask a health professional before use. Not for use on children under age of 3.

Keep out of the reach of children.

External use only. If accidental ingestion, get medical help or contact a Poison Control Center. Do not apply to the eyes or mucous membranes. Stop use and consult a doctor if condition worsens, or consult a doctor if symptoms show no improvement after 7 days.
