Kudzu was first mentioned in ancient Chinese medicinal texts over 2,500 years ago. In Western herbalism, it's traditionally used as a liver tonic. Kudzu preparations have been thrust into the spotlight as a possible aid for alcohol withdrawal support. A university study suggests that its active ingredients support reducing the desire for alcohol.*

Common uses include:

- Supports a reduced desire for alcohol*
- Supports healthy liver function*
- Eases muscular tension*
- Soothes back, neck and shoulder discomforts*
- Supports cardiovascular health*
- Supports healthy circulation, and blood pressure already in the normal range*
