Natural color variations may occur in this product. Keep in a cool, dry place with lid tightly closed.

Benefits of Vitamin Super C:

Vitamin C is a water soluble nutrient well known for its vital role in the immune system. It is necessary for the production of collagen (a structural protein in connective tissue) and is therefore important for skin, bone, and joint health. Vitamin C is also a highly effective antioxidant that can protect the body's cells from damage by free radicals generated during exposure to environmental stressors. This product supplies Calcium Ascorbate, a buffered form of Vitamin C that is bioavailable and non-acidic; it is enhanced with Bioflavonoids, which work synergistically with Vitamin C.*

● Antioxidant protection*

● Supports skin, bones, and joints*
